Each spelling list contains words that contain a specific spelling pattern. The words in the list are the most commonly used words for that spelling. In addition the list may contain other words that do not follow a set pattern (common exception words CEW) or high frequency words. These are in **bold**. The lists are based on the Monster Phonics scheme that we use in school and will be tested on a Friday. **Please ensure your child can read the words to you and use the correct letter formation to write the words. Challenge - encourage your child to say or write a sentence using the words.**
